21. The Board of Directors have appointed Mr. Arun Jain, Company Secretary in practice (Certificate of Practice No: 13932) as the Scrutinizer, for conducting the voting / poll and remote e-voting process in a fair and transparent manner.
22. The Scrutinizer shall within a period of three working days from the conclusion of the e-voting period unblock the votes in the presence of at least two witnesses not in the employment of the Company and prepare the scrutinizer report of the votes cast in favour or against, if any, forthwith to the Chairman of the Meeting/Whole Time Director and in his absence to the Company Secretary of the Company.
23. The result of voting shall be declared by the Chairman of the meeting on or after the AGM of the Company. The results declared along with the Scrutinizer's Report shall be placed on the Company's website www.vijaysolvex.com and on the website of the CDSL immediately after the result is declared by the Chairman.
24. The result will also be communicated to stock exchange i.e. BSE Ltd. where the shares of the Company are listed.
25. In Compliance with regulation 44 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended) and Section 108 of the Companies Act, 2013 and Rule 20 of the

Companies (Management and Administration) Rules, 2014 substituted by the Companies (Management and Administration) Amendment Rules, 2015, the Company has provided an facility to the shareholders to exercise their votes electronically through the electronic voting system facility as provided by the Central Depository Services (India) Limited (CDSL). The facility for voting through ballot paper will also be made available at the AGM and the shareholders attending the AGM who have not already cast their votes by remote e-voting shall be able to exercise their right at the AGM through ballot paper. The instructions for e-voting are annexed to the Notice.

26. THE INTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING:

- (i) The remote e-voting period begins on **Sunday, 26th September, 2021** at **10:00 A.M.** and ends on **Wednesday, 29th September, 2021** at **5:00 P.M.** During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) i.e. **17th September, 2021** may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter. Any person, who acquires shares of the company and becomes a shareholder of the Company after dispatch of the Notice of AGM and holds shares as on the cut-off date i.e. **17th September, 2021** may obtain the login ID and password by sending a request at **cs_lodha@dataoils.com**.
- (ii) Shareholders who have cast their vote by remote e-voting prior to the AGM may attend the AGM but shall not be entitled to cast their vote again.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of SEBI circular no. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to abovesaid SEBI Circular, Login method for e-Voting for Individual shareholders holding securities in Demat mode is given below:

In accordance with the provisions of section 148(3) of the Act read with the Companies (Audit and Auditors) Rules, 2014 the remuneration payable to the Cost Auditor shall ratify by the shareholders of the Company.

Accordingly, consent of the shareholders is sought for passing an Ordinary Resolution as set out in Item No. 6 of the Notice for remuneration payable to the Cost Auditor for the financial year ending March 31, 2022.

None of the Directors/Key Managerial Personnel of the Company/their relatives are, in any way, concerned or interested, financially or otherwise, in the proposed ordinary resolution set out at item no. 6 of the Notice.

**Item No. 7**

Based on the recommendation of the Nomination and Remuneration Committee, the Board of Directors of the Company at its meeting held on July 23, 2021, has appointed Mrs. Pallavi Sharma (DIN: 09240522) as Additional Director (Non-Executive Independent Women Director) of the Company, whose term of office as an Additional Director shall be up to the date of 33rd Annual General Meeting of the Company while the term as Independent Women Director was proposed to be 5 (five) consecutive years commencing from July 23, 2021 to July 22, 2026, subject to the approval of the shareholders at the ensuing Annual General Meeting of the Company.

The Company has received a declaration from Mrs. Pallavi Sharma confirming that she meets the criteria of independence as prescribed under the Companies Act, 2013 and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"). Mrs. Pallavi Sharma is also not disqualified from being appointed as a Director in terms of Section 164 of the Act and has given her consent to act as a Director of the Company. Further, the Company has received notice from a shareholder u/s 160(1) of the Companies Act, 2013, proposing candidature of Mrs. Pallavi Sharma for the office of the Director in the Company.

A copy of the draft letter of appointment for Independent Directors, setting out the terms and conditions for the appointment of Independent Directors is available for inspection by the shareholders at the registered office of the Company during business hours on any working day up to the date of this Annual General Meeting and is also available on the website of the Company www.vijaysolvex.com.

The brief resume in relation to the experience, functional expertise, memberships on other Companies' Boards and Committees etc. in respect of the appointment of Mrs. Pallavi Sharma as the Independent Women Director of the Company, as required under the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, is set out in this Notice.

Mrs. Pallavi Sharma is not related to any other Director and Key Managerial Personnel of the Company. In the opinion of the Nomination and Remuneration Committee and the Board, the appointment of Mrs. Pallavi Sharma as Independent Women Director of the Company would benefit the Company in terms of her professional experience and broad range of skill sets.

Pursuant to the regulation 25(2A) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) (Third Amendment) Regulations, 2021, the appointment, re-appointment or removal of an Independent Director of a listed entity, shall be subject to the approval of the shareholders by way of a special resolution, accordingly the board recommends the special resolution as set out in Item No. 7 of the Notice for approval of the shareholders.

Save and except Mrs. Pallavi Sharma and her relatives, to the extent of their shareholding interest, if any, in the Company, none of the other Directors, Key Managerial Personnel, and their relatives, are in any way, concerned or interested, financially or otherwise, in the proposed resolution. The special resolution as set out in item No. 7 of this Notice is accordingly recommended for approval of shareholders.

Item No. 8 & 9

The shareholders of the Company on 07.11.2015 through postal ballot has approved by way of a Special Resolution under Section 180(1)(c) and 180(1)(a) of the Companies Act, 2013 authorized the Board of Directors of the Company to borrow at its discretion, from any one or more of the Company's Bankers or any other Indian or Foreign Bank(s), Financial Institution(s) and/or any other Lending Institutions or persons, firms, bodies corporate etc. from time to time any sum or such sum(s) of money(s) and the sum(s) to be borrowed together with the money(s) already borrowed by the Company (apart from temporary loans obtained from the Company's bankers/FIs in the ordinary course of business) with or without security on such terms and conditions as they think fit which may exceed the aggregate of the paid-up capital and free reserves of the Company that is to say, reserves not set apart for any specific purpose provided that the total amount up to which the money may be borrowed by the Board together with the money(s) already borrowed by the Board and shall not exceed the sum of Rs. 200 Crores (Rupees Two Hundred Crores Only) at any point of time and for creation of mortgages/charge/hypothecation on all present and future properties of the Company in favour of lenders upto a limit of Rs. 200 crores (Rupees Two Hundred Crores Only).

Pursuant to the provisions of Section 180(1)(c) of the Companies Act, 2013 (“the Act”) and the rules made thereunder, as amended, the Board of Directors of a Company shall not, except with the consent of the shareholders by way of Special Resolution, borrow money together with the money already borrowed, if any (apart from temporary loans obtained from the Company’s bankers in the ordinary course of business), exceeding the aggregate of the paid up capital and its free reserves. Further, the borrowings of the Company are generally required to be secured by suitable mortgage or charge on all or any of the movable or immovable properties of the Company, in such form, manner and ranking as may be determined by the Board of Directors of the Company or a Committee thereof (‘the Board’) from time to time, in consultation with the lender(s).

Considering the present sales growth and future plans of the Company, the Company may require more funds to meet its business fund requirements, hence, it is propose to enhance the existing borrowing limits of the Company from Rs. 200 Crores to Rs. 300 Crores to enable the directors to borrow money, provided that the total amount so borrowed together with the amount already borrowed shall not at any point of time exceed Rs. 300 crores.

Further the said borrowing may be required to be secured by way of mortgage/charge over all or any part of the movable and/or immovable properties of the company and as per provision of section 180(1)(a) of the Companies Act, 2013, the mortgage or charge on all or any part of the moveable and/or immovable properties of the Company, may be deemed as the lease or disposal of the whole, or substantially the whole, of the undertaking of the Company and hence requires the approval from the shareholders of the company by way of special resolution.

The Board recommends these special resolutions mentioned above in item no. 8 & 9 for approval by the shareholders of the Company.

None of the Directors/Key Managerial Personnel of the Company/their relatives are, in any way, concerned or interested, financially or otherwise, in the proposed special resolution set out at item no. 8 & 9 of the Notice.

The Company is regularly following up with the concerned member of the Promoters and Promoter Group to convert its holding in demat form and the Company is hopeful that the same will be dematerialized during the current financial year i.e. 2021-22.

Management response to the qualification set out in Point No. 3(b) and 3(c) of the Secretarial Audit Report

Immediately after resignation of Mr. Ramesh Chand Gupta on 27.02.2020, the Company initiated the process of selection and appointment of new Independent Director on the Board of the Company but due to the unprecedented lockdown all over the country in view of COVID-19 pandemic, the Company could not appoint new Independent Director on the Board of the Company in compliance with the provisions of Regulation 17(1)(b) read with Regulation 25(6) of the Listing Regulations. However, the Company has appointed Mr. Suresh Chandra Gupta as Additional Director (Non-Executive-Independent) on the Board of the Company w.e.f. June 5, 2020. After the appointment of Mr. Suresh Chandra Gupta as Additional Director (Non-Executive-Independent) on the Board, there are no non-compliance under Regulation 17(1)(b) of Listing Regulations w.e.f. 05.06.2020.

Due to COVID-19 Pandemic, the Company filed an application for extension of time up to three (3) months i.e. up to 30.12.2020, for holding 32nd Annual General Meeting of the Company for the financial year ended March 31, 2020 and the same has been approved by Order dated 03.09.2020 passed by the Registrar of Companies, Jaipur. The office of Mr. Suresh Chandra Gupta (DIN: 08748162) as Additional Director (Non-Executive Independent) of the Company was vacated on 30.09.2020 because the Company could not hold its 32nd Annual General Meeting as mentioned above. To comply the provisions of Regulation 17(1)(b) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Board of Directors in their meeting held on 30.09.2020 has appointed Mr. Suresh Chandra Gupta (DIN: 08748162) as Additional Director (Non-Executive Independent) w.e.f. 01.10.2020, whose term of office as an Additional Director shall be up to the date of 32nd Annual General Meeting of the Company while the term as Independent Director was proposed to be 5 (five) consecutive years commencing from October 1, 2020 to September 30, 2025, subject to the approval of the Members at the 32nd Annual General Meeting of the Company. The members of the Company at the 32nd Annual General Meeting of the Company held on 30.11.2020 has approved the appointment of Shri Suresh Chandra Gupta as Independent Director of the Company to hold office for a term of 5 (five) consecutive years commencing from October 1, 2020 to September 30, 2025.

LEGAL MATTERS PENDING BEFORE VARIOUS COURTS AND NATIONAL COMPANY LAW TRIBUNAL

Order dated 14.03.2012 passed by Hon'ble High Court of Judicature of Rajasthan, Bench at Jaipur inter alia in S.B. Civil Misc. Appeal No. 2218 of 2011 in respect of partition suit was set aside by the Hon'ble Supreme Court vide order dated 04.08.2014 and the matter was remitted back to Hon'ble High Court of Judicature of Rajasthan for its fresh consideration after hearing the parties. Hon'ble High Court of Judicature of Rajasthan, Bench at Jaipur, after hearing the parties, passed an order dated 06.04.2015 partially setting aside Order dated 10.02.2011 passed by the Court of Ld. ADJ, Jaipur. The order dated 06.04.2015 passed by Hon'ble High Court of Judicature of Rajasthan was challenged before the Hon'ble Supreme Court of India by the original Plaintiffs by filing SLP (C) No.11870 of 2015 and Hon'ble Supreme Court of India dismissed the SLP vide order dated 29.01.2019. After dismissal of the SLP filed by Original Plaintiffs there is no restraint order against the Company for transferring or alienating its properties or creating charge over the properties of the Company.

The cases filed against or by the Company under Section 397-398 of the Companies Act, 1956 are still sub-judice before the Hon'ble National Company Law Tribunal (erstwhile Company Law Board), Jaipur/Kolkata which are yet to be heard finally by the NCLT.

The Company owns 247500 equity shares of Saurabh Agrotech Pvt. Ltd., which were illegally transferred. This illegality has been challenged by the Company before the National Company Law Tribunal (NCLT) under Section 111 of the Companies Act, 1956. Since the case is sub-judice before NCLT and Hon'ble High

Court of Judicature of Rajasthan, Bench at Jaipur, the holding of such investment is continued to be shown in the books of the Company.

Presently, the Company is registered owner of SCOOTER trademark/device/logo and copyright holder for the artwork of SCOOTER Wavy device which is registered with Registrar of Trade Mark and Copyright. The Company is taking appropriate legal action against all the persons who are infringing its trademark and copyright. The Company is also defending its right before the Hon'ble Courts and Tribunals, wherever the challenges against use of 'Scooter' and /or any other intellectual property rights of the Company have been made.

The Company filed an Appeal before Appellate Authority, PMLA, Delhi titled Vijay Solvex Limited Vs. Deputy Director, Enforcement of Directorate against order dated 02.05.2019 passed by the Adjudicating Authority, PMLA registered as FPA-PMLA-3117/PTN/2019 and also filed an application for de-freezing the bank account of the Company held in State Bank of India. The application for de-freezing of accounts has been allowed by the Appellate Authority vide order dated 24.07.2019 and the matter was thereafter listed for arguments on 14.04.2020. Owing to the outbreak of COVID-19 pandemic the Appeal could not be heard on 14.04.2020 and thereafter the said matter was adjourned a number of times inter-alia to 24.09.2020 (taken up on 08.09.2020), 22.01.2021 (adjourned on 15.01.2021) and 15.04.2021. In view of various Office orders passed by Appellate tribunal suspending normal functioning of PMLA. The matter was last listed for hearing on 30.07.2021 and has been adjourned for further date.

That a 2nd Supplementary Complaint registered as Special trial No. (PMLA) 01/2020 has been filed before Special judge PMLA Patna in main compliant no. 02/2018 dated 18.07.2018 (in ECIR No. PTZO/05/2016 dated 26.12.2016) before Ld. Sessions Judge (Special Judge (PMLA), Patna for impleading Vijay Solvex Limited as Accused No. 8 in the main complaint. The 2nd Supplementary Complaint has not been taken up for hearing in view of spread of COVID-19 pandemic and no effective orders have been passed in said matter. The 2nd Supplementary Complaint is next listed for hearing on 03.09.2021.

The Board is hopeful that the pending matters would be disposed of in favour of the Company.

ANNEXURE-VII

MANAGEMENT'S DISCUSSION AND ANALYSIS REPORT

1. This section shall include discussion on the following matters within the limits set by the listed entity's competitive position:

(a) **INDUSTRY STRUCTURE AND DEVELOPMENTS**

The India edible oil market exhibited strong growth during 2015-2020. India currently represents the world's largest importer of edible oil in the world. Increasing disposable incomes, rising urbanization rates, changing dietary habits and the growth of the food processing sector represent some of the key factors driving the demand of edible oil in India.

In India, the rising consumer health concerns towards the high prevalence of coronary heart diseases, diabetes, obesity, gastrointestinal disorders, etc., are primarily driving the demand for healthy edible oil. Additionally, the market is further catalyzed by the growing awareness towards several health benefits of organic and low-cholesterol edible oil. As a result, various regional manufacturers are launching healthy product variants enriched with omega-3, vitamins, and natural antioxidants. Moreover, the changing consumer dietary patterns and their hectic work schedules have led to the increasing consumption of processed food items. The rising demand for edible oil in the food processing sector as food preservatives and flavoring agents is also catalyzing the market growth in the country. Additionally, the elevating consumer living standards coupled with the increasing penetration of international culinary trends are further augmenting the demand for high-quality product variants, such as olive oil, sesame oil, flaxseed oil, etc. Apart from this, the expanding agriculture sector along with the launch of several initiatives for enhancing the production of oilseeds in the country is also propelling the market. Furthermore, the Indian government is making continuous efforts to increase the domestic availability of edible oil and reduce import dependency. For instance, the government has proposed the National Mission on Edible Oil (NMEO) for meeting the country's consumption need for edible oil, such as sesame oil, groundnut oil, safflower oil, palm oil, etc.

To increase the domestic availability of edible oil and reduce import dependency, a National Mission on Edible Oils (NMEO) is proposed for next five years (FY 2020-25).

NMEO covering three Sub-Missions to increase production of oilseeds and edible oils from –

- a. Primary Sources (Annual Crops, Plantation Crops and Edible TBOs),
- b. Secondary Sources (Rice bran oil and Cotton seed oil) and
- c. Consumer Awareness for maintaining edible oil consumption constant at 19.00 kg per person per annum.

The proposed mission will aim to increase production from 30.88 to 47.80 million tonnes of oilseeds which will produce 7.00 to 11.00 million tonnes of edible oils from Primary Sources by F.Y. 2024-25. Similarly, edible oils from secondary sources will be doubled from 3.50 to 7 million tonnes.

The outbreak of the COVID-19 pandemic, in early 2020, however, had disrupted the supply chains of edible oil due to the temporary shutdown of several oil production units, restricted import activities, and the unavailability of raw materials. Furthermore, the national lockdown had led to a temporary closure of hotels, restaurants, canteens, and public food joints in the country, thereby negatively affecting the demand of edible oil. The India edible oil market, however, is expected to recover from 2021 onwards and exhibit strong growth during 2021-2026.

(b) **OPPORTUNITIES AND THREATS**

Apart from a significant burden on the government's exchequer, dependence on the international market for edible oils causes price volatility affecting both the consumers and producers.

For instance, labour shortage in palm oil plantations of Indonesia and Malaysia, drought in Argentina affecting soyabean production, lower production of sunflower crops in Ukrain and rigorous buying of edible oils by China, impacted price of edible oils in domestic as well as international markets in later part of pandemic year. Subsequently, the government has to reduce import tariff of palm oil by 10 per cent in November to ease the domestic price.

In this context, it is worth mentioning that India has the potential to increase the domestic production of oilseeds which could reduce the import dependence and also benefit the farmers. The government of India is also taking many measures to increase the domestic production of edible oil seeds.

For instance, Technology Mission on Oilseeds and other policy initiatives have helped India increase the area under oilseeds in India from 9 million tons in 1986 to 32 million tons in 2018-19, though not sufficient to meet the domestic demand.

Several other initiatives like Oil Palm Area Expansion under Rastriya Krishi Vikas Yojana, increasing the minimum support prices of oilseed crops, creation of buffer stock for oilseeds, cluster demonstration of oilseed crops, etc are being implemented by the government to boost the domestic production.

(c) **SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE**

Edible Oil Division

The Edible Oil business continues to account major part of the Company's turnover. The market environment continuous to be very competitive. The Company's products are well accepted in national market under the various brand names. Your company is leading regional player in edible oil and Vanaspati ghee, backed up with strong distribution network. Your Company faces intense competition from low priced and unscrupulous brands. The outlook of the industry is positive looking to the size of opportunity. The Company is hopeful that there would be healthy market growth over the next few years.

Ceramic Division

Your Company's ceramic division sale performance during the year is Rs. 1227.21 lacs. Company's ceramic products are well accepted in India. Your Company is hopeful of a healthy growth both in volume and value over next few years.

Wind Power Division

The project is eco-friendly as natural resources like wind is exploited for generation of electricity and there is no burning fuel and thus no pollution. Company has committed to sell 60% of electricity of generated to RVPNL, Jaipur and use balance electricity so generated for captive consumption by oil division at Alwar and Ceramic division at Jaipur by paying 2% as wheeling charges to RVPNL, Jaipur. At Jaisalmer quality wind is regularly available throughout the year so company is hopeful for good generation of electricity from wind farm at Jaisalmer.

(d) **OUTLOOK**

India is a vast country and inhabitants of several of its regions have developed specific preference for certain oils largely depending upon the oils available in the region. For example, people in the South and West prefer groundnut oil while those in the East and North use mustard, rapeseed oil. Likewise several pockets in the South have a preference for coconut and sesame oil. Inhabitants of northern plain are basically consumers of fats and therefore prefer Vanaspati, a term used to denote a partially hydrogenated edible oil mixture of oils like soyabean, sunflower, ricebran and cottonseed oils. Many new oils from oilseeds of tree and forest origin have found their way to the edible pool largely through vanaspati route. Of late, things have changed. Through modern technological means such as physical refining, bleaching and de-odorization, all oils have been rendered practically colorless,

odorless and tasteless and therefore, have become easily interchangeable in the kitchen. Oils such as soyabean oil, cottonseed oil, sunflower oil, rice bran oil, palm oil and its liquid fraction- palmolein which were earlier not known have now entered the kitchen. The share of raw oil, refined oil and vanaspati in the total edible oil market is estimated roughly at 35%, 60% and 5% respectively. About 56 % of domestic demand of edible oils is met through imports out of which palm oil/palmolein constitutes about 54%. The consumption of refined palmolein (RBD palmolein) as well as its blending with other oils has increased substantially over the years and is used extensively in hotels, restaurants and in preparation of wide varieties of food products.

(e) **RISK AND CONCERNS**

India's production of oilseeds is too little to provide for the domestic demand and therefore is dependent on imports. The country is one the largest importers of oilseed and edible oils in the world, about 60% of the domestic edible oil demand is met from imports. Therefore, any increase in global prices of the oilseeds and edible oil is bound to be transmitted into domestic prices. It so happened that the global prices of oilseeds such as soyabean and edible oils such as palm oil experienced a vertical climb in 2020, as some producing nations saw output decline due to weather conditions and pandemic-induced labour shortage and other logistics problem.

The prices of soyabean rose nearly 80% between August 2020 and May 2021. Those prices have cooled a little since then. Soyabean oil prices rose more sharply – about 150% between April 2020 and May 2021. The rise in soyabean prices was led by a rebound in demand from China during the year. China uses soyabean for extracting oil as also to prepare animal feed. Aggressive Chinese buying of soyabean depleted inventories in the US, which in turn put upward pressure on prices. Shortages in Brazil, the top producer and exporter of soyabeans, and delayed sowing in the country due to drought also caused prices to climb. Soyabean prices are expected to remain elevated as China will continue to buy large quantities of the seed in 2021-22.

The increase in palm oil prices was led by three factors – weather conditions, labour shortages in Malaysia and an ambitious biofuel programme in Indonesia. The two southeastern nations are the largest producers of palm oil. Malaysia's palm oil sector is dependent on migrant foreign workers. However, pandemic induced border closure meant the palm oil sector faced a severe labour shortage, causing the output to fall. In Indonesia, the top producer of palm oil, the biodiesel programme requires fossil fuels to be blended with 30% palm oil. This increased domestic demand for palm oil is expected to keep palm oil prices elevated.

In order to harmonize the interests of farmers, processors and consumers, Government reviews the duty structure of edible oils from time to time. In order to ensure availability of edible oil in the country, export of edible oil has been banned w.e.f. 17.03.2008, which was extended from time to time. With effect from 06.02.2015, export of ricebran oil in bulk has been permitted. With effect from 27.03.2017, export of groundnut oil, sesame oil, soyabean oil and maize (corn) oil has been permitted. With effect from 06.04.2018, export of all edible oils except mustard oil was made free without quantitative ceiling; pack size etc, till further orders. Export of mustard oil is permitted in packs of up to 5 Kg with a Minimum Export Price (MEP) of USD 900 per MT.

Your Company continues to place a strong emphasis on the risk management and has successfully introduced and adopted various measures for hedging the price fluctuations in order to minimize its impact on profitability. Also, your Company has initiated setting-up of a framework to upgrade itself to a robust risk management system. The key determinants of business risk profile of the company are their ability to overcome the regulatory risk and agro-climatic conditions. Other operational factors include operating efficiency, product diversity, market position, and ability to secure raw material as well as the commodity price and forex-risk management systems.

(f) **INTERNAL CONTROL SYSTEMS & THEIR ADEQUACY**

Company's internal control systems are commensurate with the nature of its business and the size and complexity of its operations. These systems are designed to ensure that all the assets of the company

are safeguarded and protected against any loss and that all the transactions are properly authorized recorded and reported.

The company has an internal audit function, which is empowered to examine the adequacy and compliance with policies, plans and statutory requirements. It is also responsible for assessing and improving the effectiveness of risk management, control and governance process.

(g) DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

During the period under review, on standalone basis, your Company has achieved a Total Revenue from Operations of Rs. 2,06,965.69 Lakhs as against Rs. 1,44,778.43 Lakhs in the previous financial year. The Profit before Finance Cost, Depreciation and Tax is Rs. 8,422.20 Lakhs, Profit after Tax is Rs. 6,425.87 Lakhs and Total Comprehensive Income is Rs. 6,498.69 Lakhs as compare to Rs. 3,741.60 Lakhs, Rs. 2,052.09 Lakhs and Rs. 2,011.97 Lakhs respectively in the previous financial year. During the year the Revenue from Operations and Profit after Tax of the Company has increased by 42.95% and 213.14% respectively, which shows an impressive growth.

(h) MATERIAL DEVELOPMENTS IN HUMAN RESOURCES / INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED

The company considers its human resources as the cornerstone. Congenial and safe work atmosphere, appropriate recognition and rewards, constant communication, focus on meeting customer needs and change management through training are the hallmarks for development of human resources of the company. Every employee is aware of the challenges posed by the current economic environment. Employee morale has remained high even during difficult times. The employees have co-opted fully with the management in implementing changes as required in the market. There were 134 permanent employees on the rolls of the Company as on 31st March 2021.

(i) DETAILS OF SIGNIFICANT CHANGES IN KEY FINANCIAL RATIOS ALONG WITH DETAILS EXPLANATIONS

Ratios	2020-21	2019-20	% Change
*Debtors Turnover	54.35	35.89	51.43%
Inventory Turnover	31.06	35.05	(11.38)%
**Interest Coverage Ratio	29.87	7.47	299.87%
Current Ratio	1.80	1.58	13.92%
Debt Equity Ratio	0.80	0.87	(8.05)%
#Operating Profit Margin	4.43	2.32	90.95%
##Net Profit Margin	3.10	1.42	118.31%
Return on Net Worth	30.35	13.98	117.10%

*Increase in Debtors Turnover Ratio was primarily on account of reduction in debtors due to on time realization of sales proceeds.

**Increase in Interest Coverage Ratio was due to reduction in Interest Expenses and significant increase in Profit before Interest and Tax.

#Increase in Operating Profit Margin was due to significant increase in Operating Profit of the Company.

##Increase in Net Profit Margin was due to significant increase in net profit after tax of the Company.

DETAILS OF CHANGES IN RETURN ON NET WORTH

During the financial year the Revenue from operations was Rs. 206965.69 Lakhs and Profit after Tax is Rs. 6425.87 Lakhs as compare to Rs. 144778.43 Lakhs and Rs. 2052.09 Lakhs respectively in the previous financial year. Due to increase in Turnover, the Net Profit after Tax was increased during the financial year, therefore, the Return on Net Worth has increased by 117.10% during the current financial year.

2. DISCLOSURE OF ACCOUNTING TREATMENT

The financial statements of the Company for the financial year ended March 31, 2021 were prepared in accordance with the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India.

**INDEPENDENT AUDITORS' REPORT****TO THE MEMBERS OF VIJAY SOLVEX LIMITED****Report on the Audit of the Standalone Financial Statements****Opinion**

We have audited the accompanying standalone financial statements of Vijay Solvex Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters	How the key audit matters was addressed
<p>Litigations – Contingencies</p> <p>The Company has ongoing litigations with various authorities and third parties which could have a significant impact on the results, if the potential exposures were to materialize.</p> <p>The outcome of such litigation is uncertain and management has assessed the Litigations/ Assessments status and has applied judgments in classifying/ taking appropriate actions as required under 'Ind AS 37 - Provisions, Contingent Liabilities, and Contingent Assets'.</p> <p>(Refer Note 36 to the Standalone Financial Statements)</p>	<p>Principal Audit Procedures</p> <p>-Understanding the current status of the litigations/tax assessments.</p> <p>-Examining communication received from various Tax Authorities/ Judicial forums and follow up action thereon.</p> <p>- Review and analysis of evaluation of the contentions of the Company through discussions, collection of details of the subject matter under consideration and the likely outcome.</p>

**Information other than the Standalone Financial Statements and Auditor's Report thereon**

The Company's management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard, as for the year ended 31-3-2021 the other information has not yet been prepared and not yet been approved by the board of directors.

Management's Responsibility for the Standalone Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.

- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure A”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act, as amended:
In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 36 to the standalone financial statements;
 - ii The company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long term contracts including derivative contracts.
 - iii There were no amount required to be transferred to the Investor Education and Protection Fund by the Company.

2. As required by the Companies (Auditor’s Report) Order, 2016 (“the Order”) issued by the Central Government in terms of Section 143(11) of the Act, we give in “Annexure B” a statement on the matters specified in paragraphs 3 and 4 of the Order.

**Annexure - A to the Independent Auditors' Report**

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Vijay Solvex Limited ("the Company") as of 31st March 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**Annexure - B to the Independent Auditors' Report**

The Annexure referred to in Independent Auditors' Report to the members of the Company on the standalone financial statements for the year ended 31st March 2021, we report that:

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The Fixed assets are physically verified by the management during the year in a phased periodical manner. In accordance with this programme, certain fixed assets were verified during the year and no material discrepancies were noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.
- (ii) According to the information and explanation given to us and on the basis of our examination of the records of the company, physical verification of the inventory has been conducted at reasonable intervals by the management and discrepancies noticed which were not material in nature have been properly dealt with in the books of accounts.
- (iii) According to the information and explanation given to us, during the year the company has not granted any loans, secured or unsecured to companies, firm or other parties covered in the register maintained under section 189 of the Companies Act, 2013.
- (iv) According to the information and explanations given to us, The Company has complied to the provisions of section 185 and 186 of the Companies Act, 2013 in respect of grant of loans, making investment and providing guarantees and securities, as applicable.
- (v) The Company has not accepted any deposits nor has any unclaimed deposit within the meaning of provision of sections 73 to 76 or any other relevant provision of Act and the rules framed there under to the extent notified. Therefore, the provisions of Clause (v) of paragraph 3 of the Order are not applicable to the Company.
- (vi) We have broadly reviewed the books of accounts maintained by the company pursuant to the Rules made by the Central Government for the maintenance of cost records under section 148 of the Act, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained, however, we have not made a detailed examination of such cost records.
- (vii) (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/ accrued in the books of accounts in respect of undisputed statutory dues including provident fund, employee state insurance, income-tax, GST, duty of customs, cess and other material statutory dues have generally been regularly deposited during the year by the Company with the appropriate authorities.

According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employee state insurance, income tax, GST, duty of customs, duty of excise, cess and other material statutory dues were in arrears as at 31 March 2021 for a period of more than six months from the date they became payable.

(b) According to the information and explanations given to us, there are no material dues of income tax, or sales tax, or GST, or duty of custom, or duty of excise, or cess which have not been deposited with the appropriate authorities on account of any dispute except following:

Nature of Statute	Nature of Dues	Forum where dispute is pending	Amount (Rs. In Lacs)
Custom Act	Custom Duty	Commissioner of Customs/CESTAT	90.65
Income tax Act, 1961	Income tax	Commissioner of Income Tax (Appeal)	223.50

- (viii) The Company has not defaulted in repayment of loan or borrowing to a financial institution, bank and government. There are no debenture holders.
- (ix) According to the information and explanation given to us, the Company has not raised money by way of initial public offer or further public offer (including debt instruments) or term loan and hence clause (ix) of paragraph 3 of the Order is not applicable to the Company.
- (x) According to the information and explanations given to us, no material fraud by the Company or on the Company by its officers or employees has been noticed or reported during the course of our audit.
- (xi) According to the information and explanations give to us and based on our examination of the records of the Company, the Company has paid/provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.
- (xii) In our opinion and according to the information and explanations given to us, the Company is not a nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable.
- (xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- (xiv) According to the information and explanations give to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year.
- (xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable.
- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934.

NOTES TO STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH' 2021

CORPORATE AND GENERAL INFORMATION

Vijay Solvex Limited ("the Company") is domiciled and incorporated in India and its equity shares are listed at Bombay Stock Exchange(BSE). The registered office of Company is Situated at BHAGWATI SADAN, SWAMI DAYANAND MARG, ALWAR (RAJASTHAN). The Company is a leading manufacturer/producer of Edible Oil and vanaspati ghee. The company is also diversified into ceramics products and wind power. The Standalone financial statements of the company for the year ended 31st March 2021 were approved and authorized for issue by board of directors in their meeting held on 30-06-2021.

SIGNIFICANT ACCOUNTING POLICIES

(1) Basis of Preparation

These Standalone financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act 2013("The Act"),the Companies (Indian Accounting Standard) Rules, 2015 (as amended) and other relevant provisions of the Act.

The Standalone financial statements of the company are consistently prepared and presented under historical cost convention on an accrual basis in accordance with Ind AS except for certain financial assets and liabilities that are measured at fair values.

The company's functional currency and presentation currency is Indian Rupees (INR). All amounts disclosed in the Standalone financial statements and notes are in INR except otherwise indicated. The Financial statement are presented in indian Rupees rounded off to the nearest rupees in Lacs except otherwise indicated.

(2) Classification of Assets and Liabilities into current and Non-Current

The Company presents its assets and liabilities in the Balance Sheet based on current/ non-current classification.

An asset is treated as current when it is:

- a) expected to be realised or intended to be sold or consumed in normal operating cycle;
- b) held primarily for the purpose of trading;
- c) expected to be realised within twelve months after the reporting period; or
- d) cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when :

- a) it is expected to be settled in normal operating cycle;
- b) it is held primarily for the purpose of trading;
- c) it is due to be settled within twelve months after the reporting period; or
- d) there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the company has ascertained its operating cycle being a period within twelve months for the purpose of current and non-current classification of assets and liabilities.

(3) Use of judgements, estimates and assumptions

The preparation of the company's financial statements required management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosures of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment in the future periods in the carrying amount of assets or liabilities affected.

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of reporting period that may have significant risk of causing material adjustments to the carrying amounts of assets and liabilities with in :-

a) Useful life of property, plant and equipment:- The company has estimated useful life of the Property, Plant and Equipment as specified in Schedule II to Companies Act 2013. However, the actual useful life for individual equipments could turn out to be different, there could be technology changes, breakdown, unexpected failure leading to impairment or complete discard. Alternately, the equipment may continue to provide useful service well beyond the useful life assumed.

b) Fair value measurement of financial instruments:- When the fair values of financial assets and financial liabilities cannot be measured based on quoted process in active market, the fair value is measured using valuation techniques including book value and discounted cash flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not possible, a degree of judgement is required in establishing fair values.

c) Impairment of financial and non-financial assets:- The impairment provisions for the financial assets are based on assumptions about risk of default and expected loss rates. The company uses judgement in making these assumptions and selecting the input for the impairment calculations, based on Company's past history, existing market conditions, technology, economic developments as well as forward looking estimates at the end of each reporting period.

d) Taxes:- Taxes have been paid / provided, exemptions availed, allowances considered etc. are based on the extent laws and the company's interpretation of the same based on the legal advice received wherever required. These could differ in the view taken by the authorities, clarifications issued subsequently by the government and court, amendments to statutes by the government etc.

e) Defined benefit plans:- The cost of defined benefit plans and other post-employment benefits plans and the present value of such obligations are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future.

f) Provisions:- The Company makes provisions for leave encashment and gratuity, based on report received from the independent actuary. These valuation reports use complex valuation models using not only the inputs provided by the Company but also various other economic variables. Considerable judgement is involved in the process.

g) Contingencies:- A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligations at the end of the reporting period. However, the actual liability could be considerably different.

h) Lease:- The Company evaluates if an arrangement qualifies to be a lease as per the requirements of IND AS 116. Identification of a lease requires significant judgement. The company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The company determines the lease term as the non-cancellable period of lease, together with both periods covered by an option to extend the lease if the company is reasonably certain to exercise that option and periods covered by an option to terminate the lease if the company is reasonably certain not to exercise that option. In exercising whether the company is reasonably certain to exercise an option to extend a lease or to exercise an option to terminate the lease, it considers all relevant facts and circumstances that create an economic incentive for the company to exercise the option to extend the lease or to exercise the option to terminate the lease. The company revises lease term, if there is change in non-cancellable period of lease. The discount rate used is generally based on incremental borrowing rate.

i) Estimation of uncertainty related to Global Health Pandemic from COVID-19:-

The Company has considered the possible effects that may result from pandemic relating to COVID-19 on the carrying amount of financial assets including Trade Receivables. In developing the assumptions relating to the possible future uncertainties in global economic conditions because of the pandemic, the Company as at the date of approval of these financial statement has used internal and external source of information, on the

expected future performance of the company and based on estimates the company expects that the carrying amount of financial assets will be recovered and the company do not expect any significant impact of COVID-19 on the company's financial statement as at the date of approval of these Standalone Financial Statements.

(4) Property, plant and equipment

(i) Property, plant and equipment situated in India comprising land other assets namely Building, Plant & Machinery, Office equipment etc. The company has elected to continue with the carrying value as its deemed cost on 1.4.2016 measured as per previous GAAP and use that carrying value as its deemed cost as on the transition date. The cost of Tangible assets comprises its purchase price, borrowing cost, any other cost directly attributable to bringing the assets into present location and condition necessary for it to be capable of operating in the manner intended by the Management, initial estimation of any de - commissioning obligations and finance cost.

(ii) Depreciation

Depreciation on Fixed Assets is provided on Straight Line Method over their useful lives and in the manner specified in Schedule II of the Companies Act, 2013. Property, Plant & Equipment which are added/disposed off during the year the depreciation is provided on pro rata basis with reference to month of addition/deletion.

(iii) Component Accounting

When significant parts of property, plant and equipment are required to be replaced at intervals, the Company derecognizes the replaced part, and recognizes the new part with its own associated useful life and it is depreciated accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in the Statement of Profit and Loss as incurred. The present value of the expected cost for the decommissioning of the asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

(iv) Expenditure during construction/erection period is included under Capital Work-in-Progress and is allocated to the respective fixed assets on completion of construction/ erection.

(v) Property, plant and equipment are eliminated from financial statement, either on disposal or when retired from active use. Losses arising in the case of retirement of Property, plant and equipment and gains or losses arising from disposal of property, plant and equipment are recognized in Statement of Profit and Loss in the year of occurrence.

(vi) The assets residual values, useful lives and methods of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

(5) Investment properties

Investment properties consist of investments in land and buildings that are held to earn rental income or for capital appreciation, rather than for use in the production or supply of goods or services or for administrative purposes or sale in the ordinary course of business. Investment property is stated at cost less accumulated depreciation and impairment losses. Depreciation on building is provided over the estimated useful lives as specified in Schedule II to Companies Act, 2013. The Residual Life, useful lives and depreciation method of investment properties are reviewed, and adjusted on Prospective basis as appropriate, at each financial year end. The effects of any revision are included in the Statement of Profit and Loss when the changes arise.

(6) Intangible assets

Intangibles assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the Company and the cost of the asset can be measured reliably. Intangible Assets are stated at cost which includes any directly attributable expenditure on making the asset ready for its intended use. Intangible assets acquired separately are measured on initial recognition at cost .Intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Intangible assets are amortised on a systematic basis over period useful life. For the transition to IND AS, The company has elected to continue with the carrying value of all its intangible assets recognised as of April 1, 2016 measured as the previous GAAP and used that carrying value as deemed cost as of the transition date.

**(7) Research and development cost****Research Cost**

Revenue expenditure on research is expensed under the respective heads of accounts in the period in which it is incurred.

Development Cost

Development expenditure on new product is capitalised as intangible asset, if technical and commercial feasibility as per IND AS 38 is demonstrated.

(8) Inventories

Inventories are stated at lower of cost and net realisable value . Net realizable value is the estimated selling price in the ordinary course of business less estimated costs of completion and selling costs. The cost is computed on FIFO basis.

Finished Goods and Process Stock include cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

Conversion cost includes direct material, labour and allocable material and manufacturing overhead based on normal operating capacity

(9) Cash and cash equivalents

a) Cash and cash equivalents are financial assets. Cash and cash equivalents consist of cash and short-term highly liquid investments that are readily convertible to cash with original maturities of three months or less at the time of purchase and are carried at cost plus accrued interest.

b) Cash Flow Statement

Cash Flow are reported using indirect method, whereby profit for the year is adjusted for effects of transactions of non cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing, and financing activities of the company are segregated.

c) Bank Balances Other than above

Dividend Escrow account balance, deposit with bank as margin money for guarantees issued by bank, deposits kept as security deposit for statutory authorities are accounted as bank balance other than cash and cash equivalent.

(10) Financial instruments

A financial instrument is any contract that at the same time gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments are recognized as soon as the company becomes a contracting party to the financial instrument. Financial instruments stated as financial assets or financial liabilities are generally not offset; they are only offset when a legal right to set-off exists at that time and settlement on a net basis is intended.

A. Financial assets

Financial assets include trade receivable, cash and cash equivalents, derivative financial assets and also the equity / debt instruments held. Initially all financial assets are recognised at amortised cost or fair value through Other Comprehensive Income or fair value through Statement of Profit or Loss, depending on its business model for those financial assets and their contractual cash flow characteristics. Subsequently, based on initial recognition/ classification, where assets are measured at fair value, gain and losses are either recognised entirely in the statement of profit and loss (i.e. fair value through profit or loss), or recognised in other comprehensive income (i.e. fair value through other comprehensive income).

Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortized cost less credit loss/impairment allowances. Receivables that do not bear interest or bear below market interest rates and have an expected term of more than one year are discounted with the discount subsequently amortized to interest income over the term of the receivable. Impairment is made on the expected credit losses, which are the present value of the cash deficits over the expected life of receivables. The estimated impairment losses are recognised in the Statement of Profit and Loss. Subsequent changes in assessment of impairment are

recognized in the Statement of Profit and Loss as changes in estimates. The company makes provision for expected credit loss against trade receivables based on the simplified approach (i.e. the loss allowance is measured as the amount equal to lifetime expected credit losses).

Loans & other financial assets

Loans and other financial assets are financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are recognized initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, loans and other financial assets are measured at amortized cost using the effective interest method, less any impairment losses.

Investment in equity shares

Investment in equity securities are initially measured at fair value. Any subsequent fair value gain or loss for investments held for investment is recognized through Other Comprehensive Income. Any subsequent gain or loss for investment held for trading are recognized through Statement of Profit and Loss.

Investment in associates, joint venture and subsidiaries

The Company's investment in subsidiaries, associates and joint venture are carried at cost except where impairment loss recognised.

De-recognition of financial assets

The company de-recognises a financial assets only when the contractual rights to the cash flows from the assets expire or it transfers the financial assets and substantially all risks and rewards of ownership of the assets to another entity. If the company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred assets, the company recognises its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Company retains substantially all the risks and rewards of ownership of a transferred financial assets. The Company continues to recognise the financial assets and also recognises a collateralised borrowing for the proceeds received.

B. Financial liabilities

Financial liabilities such as loans and borrowings and other payables are recognized initially on the trade date, which is the date that the Company becomes a party to the contractual terms of the instrument. Financial liabilities other than fair valued through profit and loss are recognized initially at fair value less any directly attributable transaction costs. Subsequent to initial recognition, these financial liabilities are measured at amortized cost using the effective interest method. Transaction costs of financial liability carried at fair value through profit or loss is expensed in profit or loss.

Financial liabilities at fair value through profit or loss

It include financial liabilities held for trading and are designated such at initial recognition. Financial liabilities are held for trading if they are incurred for the purpose of repurchasing in near term and also include Derivatives that are not part of an effective hedge accounting in accordance with IND AS 109 , classified as "held for trading" and carried at fair value through profit or loss. Financial liabilities at fair value through profit or loss are measured at each reporting date at fair value with all the changes recognized in the Statement of Profit and Loss.

Financial liabilities measured at amortised cost

Post recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using the effective interest rate method ("EIR"). Amortised cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the Statement of Profit and Loss.

Loans and Borrowings

After initial recognition, interest-bearing borrowings are subsequently measured at amortised cost using the effective interest method. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down.

**Trade and other payables**

A payable is classified as 'trade payable' if it is in respect of the amount due on account of goods purchased or services received in the normal course of business. Trade accounts payable and other non-derivative financial liabilities are in general measured at amortized cost using the effective interest method. Finance charges, including premiums payable on redemption or settlement, are periodically accrued using the effective interest method and increase the liabilities' carrying amounts unless they have already been settled in the period in which they were incurred.

De-recognition of financial liabilities

The company de-recognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

Derivative financial instruments

In the ordinary course of business, the company uses certain derivative financial instruments to reduce business risks which arise from its exposure to foreign exchange rate fluctuations. The instruments are confined principally to forward exchange contracts.

Derivative are initially accounted for and measured at fair value from the date the derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period.

Financial guarantee contracts

As per IND AS -109 "Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument."

Initial recognition

The date the company becomes a party to the irrevocable commitment is considered to be the date of initial recognition and Financial guarantee contracts are recognised as liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortization.

(11) Impairment of non-financial assets

At each reporting date, the company assesses whether there is any indication that a non-financial asset may be impaired. If any such indication exists, the recoverable amount of the non-financial asset is estimated in order to determine the extent of the impairment loss, if any. Recoverable amount is determined:

- In the case of an individual asset, at the higher of the Fair Value less cost to sell and the value in use: and
- In the case of cash generating unit (a group of assets that generates identified, independent cash flows) at the higher of cash generating unit's fair value less cost to sell and the value in use.

Where it is not possible to estimate the recoverable amount of an individual non-financial asset, the company estimates the recoverable amount of the smallest cash generating unit to which the non-financial asset belongs. The recoverable amount is the higher of an asset's or cash generating unit's fair value less costs of disposal and its value in use. If the recoverable amount of a non-financial asset or cash generating unit is estimated to be less than its carrying amount, the carrying amount of the non-financial asset or cash generating unit is reduced to its recoverable amount. Impairment losses are recognized immediately in the statement of Profit and Loss. Where an impairment loss subsequently reverses, the carrying amount of the non-financial asset or cash generating unit is increased to the revised estimate of its recoverable amount. However, this increased amount cannot exceed the carrying amount that would have been determined had no impairment loss been recognized for that non-financial asset or cash generating unit in prior periods. A reversal of an impairment loss is recognized immediately in the statement of Profit and Loss.

(12) Foreign currency transactions

(i) The functional and Presentation currency

The functional and Presentation Currency of Company is INR.

(ii) Transaction and Balances

Currency Transactions denominated in foreign currencies are initially recorded at the rates of exchange prevailing on the dates of the transactions. Monetary assets and liabilities denominated in such currencies are retranslated at the rates prevailing on the balance sheet date. Profit and losses arising on exchange are included in the net profit or loss for the period. Pursuant to exemption given under IND AS 101 the company has continued the policy for accounting for amortization of exchange differences arising from translation of long-term foreign currency monetary items over the tenure of loan. Non-Monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items is recognised in line with the gain or loss of the item that gave rise to the translation difference.

(13) Revenue recognition

In accordance with Ind AS 115, the company recognises revenue from sale of products and services at a time when performance obligation is satisfied and upon transfer of control of promised products or services to customer in an amount that reflects the consideration the company expects to receive in exchange for their products or services. The company derives revenue primarily from sale of manufactured goods and traded goods. The company disaggregates the revenue based on nature of products/Geography. Revenue/Loss from bargain settlement of goods is recognized at the time of settlement of the transactions.

• **Dividend income**

Dividend income is accounted for when the right to receive the same is established, which is generally when shareholders approve the dividend.

• **Interest income**

Interest income is recognised on effective interest method taking into account the amount outstanding and the rate applicable.

(14) Employees Benefits

(a) Short term employee Benefit

All employees' benefits payable wholly within twelve months rendering services are classified as short term employee benefits. Benefits such as salaries, wages, short-term compensated absences, performance incentives etc., and the expected cost of bonus are recognized during the period in which the employee renders related service.

(b) Defined Contribution Plan

Contributions to the Employees' Provident Fund and Employee's State Insurance are recognized as Defined Contribution Plan and charged as expenses in the year in which the employees render the services.

(c) Defined Benefit Plan

The Leave Encashment and Gratuity are defined benefit plans. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method with actuarial valuations being carried out at each balance sheet date, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measure each unit separately to build up the final obligation. Re-measurements, comprising of actuarial gains and losses, excluding amounts included in net interest on the net defined benefit liability are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Re-measurements are not classified to the statement of profit and loss in subsequent periods. Past Service cost is recognised in the statement of profit and loss in the period of plan amendment.

The Company recognises the following changes in the net defined benefit obligation under employee benefit expenses in the statement of profit and loss.

- Service costs comprising current service costs, gains and losses on curtailments and non-routine Settlements.
- Net interest income or expense.

(d) Long term Employee Benefit

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the defined benefit obligation at the balance sheet date.

**(e) Termination benefits**

Termination benefits are recognised as an expense in the period in which they are incurred.

The Company shall recognise a liability and expense for termination benefits at the earlier of the following dates:

- (i) when the entity can no longer withdraw the offer of those benefits; and
- (ii) when the entity recognises costs for a restructuring that is within the scope of Ind AS 37 and involves the payment of termination benefits.

(15) Borrowing costs

(a) Borrowing costs that are specifically attributable to the acquisition, construction, or production of a qualifying asset are capitalised as a part of the cost of such asset till such time the asset is ready for its intended use or sale. A qualifying asset is an asset that necessarily requires a substantial period of time (generally over twelve months) to get ready for its intended use or sale.

(b) For general borrowing used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalization is determined by applying a capitalization rate to the expenditures on that asset. The capitalization rate is the weighted average of the borrowing costs applicable to the borrowings of the Company that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs capitalized during a period does not exceed the amount of borrowing cost incurred during that period.

(c) All other borrowing costs are recognised as expense in the period in which they are incurred.

(16) Leases

The company recognises right of use assets representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of right of use asset measures at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before commencement date less any lease incentive received plus any initial direct cost incurred and an estimate of cost to be incurred by lessee in dismantling and removing underlying asset or restoring the underlying asset or site on which it is located. The right of use asset is subsequently measured at cost less accumulated depreciation, accumulated impairment losses, if any, and adjusted for any re-measurement of lease liability. The right of use assets is depreciated using the Straight Line Method from the commencement date over the charter of lease term or useful life of right of use asset. The estimated useful life of right of use assets are determined on the same basis as those of Property, Plant and Equipment. Right of use asset are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in Statement of Profit and Loss.

The company measured the lease liability at the present value of the lease payments that are not paid at the commencement date of lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the company uses incremental borrowing rate.

The lease liability is subsequently re-measured by increasing the carrying amount to reflect interest on lease liability, reducing the carrying amount to reflect the lease payments made and re-measuring the carrying amount to reflect any reassessment or lease modification or to reflect revised-in-substance fixed lease payments. The company recognises amount of re-measurement of lease liability due to modification as an adjustment to write off use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of right of use assets is reduced to zero and there is further reduction in measurement of lease liability, the company recognises any remaining amount of the re-measurement in Statement of Profit and Loss.

The company has elected not to apply the requirements of Ind AS 116 to short term leases of all assets that have a lease term of 12 months or less unless renewable on long term basis and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on Straight Line basis over lease term.

**(17) Taxes on income**

Income Tax expenses comprise current tax expenses and the net change in the deferred tax asset or liabilities during the year. Current and Deferred tax are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively.

Current Tax

The Company provides current tax based on the provisions of the Income Tax Act, 1961 applicable to the Company.

Deferred Tax

Deferred tax is recognised using the Balance Sheet approach. Deferred tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or liability is settled, based on tax rates (and tax laws) that have been enacted or substantially enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

(18) Provisions, Contingent liabilities, Contingent assets and Commitments**(a) General**

The Company recognizes provisions for liabilities and probable losses that have been incurred when it has a present legal or constructive obligation as a result of past events and it is probable that the Company will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a financing cost.

Contingent liability is disclosed in the case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation:
- A present obligation arising from past events, when no reliable estimate is possible
- A possible obligation arising from past events, unless the probability of outflow of resources is remote.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

(b) Other Litigation claims

Provision for litigation related obligation represents liabilities that are expected to materialise in respect of matters in appeal.

**(c) Onerous contracts**

Provisions for onerous contracts are recorded in the statements of operations when it becomes known that the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received.

(19) Exceptional Items

On certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the company is such that its disclosure improves the understanding of the performance of the company, such income or expense is classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial statements.

(20) Earnings per share

Basic Earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. There are no diluted earning per share as there are no dilutive potential equity shares.

(21) Segment accounting

The Operating segment of the company is Edible oils, Ceramics and Wind Power generation and the same have been evaluated on management approach as defined in IND AS-108 "Operating Segment". The company accordingly reports its financials under three segments.

(22) Financial statement classification

Certain line items on the balance sheet and in the statement of Profit and Loss have been combined. These items are disclosed separately in the Notes to the financial statements. Certain reclassifications have been made to the prior year presentation to conform to that of the current year. In general the company classifies assets and liabilities as current when they are expected to be realized or settled within twelve months after the balance sheet date.

(23) Fair value measurement

The Company measures financial instruments such as derivatives and certain investments, at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability.

Or

- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non- financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole;

- **Level 1-** Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- **Level 2-** Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

- **Level 3-** Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the balance sheet on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

(24) Non-current assets held for sale and discontinued operations

Non-current assets and disposal groups are classified as held for sale if their carrying amounts will be recovered principally through a sale transaction rather than through continuing use. Non-current assets and disposal groups are classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. This condition is regarded as met only when the sale is highly probable and the asset or disposal group is available for immediate sale in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as a complete sale within one year from the date of classification.

Discontinued operations are excluded from the results of continuing operations are presented as a single amount as profit or loss after tax from discontinued operations in the statement of profit and loss.

Assets and liabilities classified as held for distribution are presented separately from other assets and liabilities in the balance sheet.

A disposal group qualifies as discontinued operation if it is a component of the Company that either has been disposed of, or is classified as held for sale, and:

- Represents a separate major line of business or geographical area of operations,
- Is part of a single co-ordinate plan to disclose of a separate major line of business or geographical area of operations

Or

- Is a subsidiary acquired exclusively with a view to resale.

An entity shall not depreciate (or amortise) a non-current asset while it is classified as held for sale or while it is part of a disposal group classified as held for sale.

3. Mortality	IALM(2012-14)	IALM(2012-14)
4. Salary Escalator	8.00%	8.00%

38.3 Risk Factors: Valuations are performed on certain basic set of pre-determined assumptions and other regulatory framework which may vary over time. Thus the Company is exposed to various risks in providing the above gratuity benefit which are as follows:

Interest Rate risk: The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability (as shown in financial statements).

Liquidity Risk: This is the risk that the Company is not able to meet the short-term gratuity payouts. This may arise due to non availability of enough cash / cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.

Salary Escalation Risk: The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

Demographic Risk: The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumption.

Regulatory Risk: Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of change in regulations requiring higher gratuity payouts (e.g. Increase in the maximum limit on gratuity of Rs. 20, 00,000).

38.4 Sensitivity Analysis

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity analysis is given below:

Particulars	(In Rs.)	
	31-Mar-2021	31-Mar-2020
Defined Benefit Obligation (Base)	27090765.00	25636448.00

Particulars	31-Mar-2021		31-Mar-2020	
	Decrease	Increase	Decrease	Increase
Discount Rate (- / + 1%)	28937505	25465296	27380884	24097352
(% change compared to base due to sensitivity)	6.8%	-6.0%	6.8%	-6.0%
Salary Growth Rate (- / + 1%)	25652665	28634536	24260720	27114742
(% change compared to base due to sensitivity)	-5.3%	5.7%	-5.4%	5.8%
Attrition Rate (- / + 50% of attrition rates)	27195012	26993842	25717877	25559990
(% change compared to base due to sensitivity)	0.4%	-0.4%	0.3%	-0.3%
Mortality Rate (- / + 10% of mortality rates)	27095186	27086357	25639946	25632959
(% change compared to base due to sensitivity)	0.0%	0.0%	0.0%	0.0%

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumption would occur in isolation of one another as some of the assumptions may be correlated.

40. Financial Risk Management

The Companies activities expose it to credit risk, liquidity risk and market risk. This note explains the source of risk which the company is exposed to and how to manages the risk and its impact in the financial statement. The board of directors provides guiding principle for overall risk management, as well as policies covering specific area i.e. Foreign exchange risk, Credit risk & Investment of Surplus liquidity. The companies risk management is carried out by finance department, accordingly, this department identifies, evaluation and hedges financial risk.

A) Credit Risk

The Company takes on exposure to Credit risk, which is the risk that counterparty will default on its contractual obligations. Credit risk arises from trade receivable, Loan and other financial assets.

Credit Risk Management

The main source of credit risk at the reporting date is from trade receivables as these are typically unsecured. This credit risk has always been managed through credit Approvals, establishing credit limits and continuously monitoring the creditworthiness of customer to whom credit is extended in normal course of business. The company estimates the expected credit loss on the basis of past data and experience. Expected credit losses of financial assets receivable in next 12 months are estimated on the basis of historical data provided the company has reasonable and supportable data. On such an assessment the expected losses are nil or negligible.

Review of outstanding trade receivables and financial assets is carried out by management each quarter. The company do not have any doubtful debts hence, no provision for bad and doubtful debts have yet been made in accounts.

The Company do not envisage any financial difficulties resulting in additional credit risk higher than usual credit terms due to COVID-19 outbreak.

**INDEPENDENT AUDITORS' REPORT****TO THE MEMBERS OF VIJAY SOLVEX LIMITED****Report on the Audit of the Consolidated Financial Statements****Opinion**

We have audited the accompanying consolidated financial statements of Vijay Solvex Limited ("the Company") and its associates listed in Annexure-1, which comprise the Consolidated Balance Sheet as at March 31, 2021, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Company as at March 31, 2021, the consolidated profit, consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the *Code of Ethics* issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

<u>Key Audit Matters</u>	<u>How the key audit matters was addressed</u>
<p>Litigations – Contingencies</p> <p>The Company has ongoing litigations with various authorities and third parties which could have a significant impact on the results, if the potential exposures were to materialize.</p> <p>The outcome of such litigation is uncertain and management has assessed the Litigations/ Assessments status and has applied judgments in classifying/ taking appropriate actions as required under 'Ind AS 37 - Provisions, Contingent Liabilities, and Contingent Assets'.</p> <p>(Refer Note 36 to the Consolidated Financial Statements)</p>	<p>Principal Audit Procedures</p> <p>-Understanding the current status of the litigations/tax assessments.</p> <p>-Examining communication received from various Tax Authorities/ Judicial forums and follow up action thereon.</p> <p>- Review and analysis of evaluation of the contentions of the Company through discussions, collection of details of the subject matter under consideration and the likely outcome.</p>

**Information Other than the Consolidated Financial Statements and Auditor's Report Thereon**

The Company's management and Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard, as for the year ended 31-3-2021 the other information has not yet been prepared and not yet been approved by the board of directors.

Management's Responsibility for the Consolidated Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. The Board of Directors of the company and of its associates are responsible for maintenance of the adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and of its associates and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of consolidated financial statements by the directors of company and of its associates as aforesaid.

In preparing the consolidated financial statements, the Board of Directors of the company and of its associates are responsible for assessing the Company and of its associates ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless respective management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors of the Company and of its associates are also responsible for overseeing the financial reporting process of the Company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company, has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company and of its associates to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the consolidated financial statements. For the other entities included in the consolidated financial statements, whose Unaudited financial statements duly certified by management of respective companies and furnished by the Board of Directors, the respective companies management remain responsible for the direction, supervision and performance of the Unaudited financial statements. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

The Consolidated Financial Statements include share of profit/(Loss) including other comprehensive income/(Loss) of Rs. 1922.92 Lacs for the year ended 31-03-2021 as considered in Consolidated Financial Statements in respect of associates whose management certified financial statement/ financial information have been furnished to us by Board of Directors and our opinion on the Consolidated financial statements in so far as it relates to the amount in respect of these associates is solely based on such management certified Unaudited Financial Statement.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below is not modified in respect of the above matters with respect to our reliance on the work done and the financial statement as certified by management of respective companies and forwarded to us by Board of Directors of the Company.

Report on Other Legal and Regulatory Requirements

**Annexure - A to the Auditors' Report****Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2021, we have audited the internal financial controls over financial reporting of Vijay Solvex Limited, as of that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the company, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal financial Controls over financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH' 2021****CORPORATE AND GENERAL INFORMATION**

Vijay Solvex Limited ("the Company") is domiciled and incorporated in India and its equity shares are listed at Bombay Stock Exchange(BSE). The registered office of Company is Situated at BHAGWATI SADAN, SWAMI DAYANAND MARG, ALWAR (RAJASTHAN). The Company is a leading manufacturer/producer of Edible Oil and vanaspati ghee. The company is also diversified into ceramics products and wind power. The Consolidated financial statements of the company for the year ended 31st March 2021 were approved and authorized for issue by board of directors in their meeting held on 30-06-2021.

SIGNIFICANT ACCOUNTING POLICIES**(1) Basis of Preparation**

These Consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act 2013("The Act"),the Companies (Indian Accounting Standard) Rules, 2015 (as amended) and other relevant provisions of the Act.

The Consolidated financial statements of the company are consistently prepared and presented under historical cost convention on an accrual basis in accordance with Ind AS except for certain financial assets and liabilities that are measured at fair values.

The company's functional currency and presentation currency is Indian Rupees (INR). All amounts disclosed in the Consolidated financial statements and notes are in INR except otherwise indicated. The Financial statement are presented in indian Rupees rounded off to the nearest rupees in Lacs except otherwise indicated.

(2) Principle of Consolidation

The Consolidated financial statement represents consolidation of accounts of Company and Associates. Investment in Associates has been accounted under equity method as per Ind AS-28 "Investment in Associates and Joint ventures".

(3) Classification of Assets and Liabilities into current and Non-Current

The Company presents its assets and liabilities in the Balance Sheet based on current/ non-current classification.

An asset is treated as current when it is:

- a) expected to be realised or intended to be sold or consumed in normal operating cycle;
- b) held primarily for the purpose of trading;
- c) expected to be realised within twelve months after the reporting period; or
- d) cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when :

- a) it is expected to be settled in normal operating cycle;
- b) it is held primarily for the purpose of trading;
- c) it is due to be settled within twelve months after the reporting period; or
- d) there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the company has ascertained its operating cycle being a period within twelve months for the purpose of current and non-current classification of assets and liabilities.

(4) Use of judgements, estimates and assumptions

The preparation of the company's financial statements required management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the

accompanying disclosures, and the disclosures of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment in the future periods in the carrying amount of assets or liabilities affected.

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of reporting period that may have significant risk of causing material adjustments to the carrying amounts of assets and liabilities with in :-

a) Useful life of property, plant and equipment:- The company has estimated useful life of the Property, Plant and Equipment as specified in Schedule II to Companies Act 2013. However, the actual useful life for individual equipments could turn out to be different, there could be technology changes, breakdown, unexpected failure leading to impairment or complete discard. Alternately, the equipment may continue to provide useful service well beyond the useful life assumed.

b) Fair value measurement of financial instruments:- When the fair values of financial assets and financial liabilities cannot be measured based on quoted process in active market, the fair value is measured using valuation techniques including book value and discounted cash flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not possible, a degree of judgement is required in establishing fair values.

c) Impairment of financial and non-financial assets:- The impairment provisions for the financial assets are based on assumptions about risk of default and expected loss rates. The company uses judgement in making these assumptions and selecting the input for the impairment calculations, based on Company's past history, existing market conditions, technology, economic developments as well as forward looking estimates at the end of each reporting period.

d) Taxes:- Taxes have been paid / provided, exemptions availed, allowances considered etc. are based on the extent laws and the company's interpretation of the same based on the legal advice received wherever required. These could differ in the view taken by the authorities, clarifications issued subsequently by the government and court, amendments to statues by the government etc.

e) Defined benefit plans:- The cost of defined benefit plans and other post-employment benefits plans and the present value of such obligations are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future.

f) Provisions:- The Company makes provisions for leave encashment and gratuity, based on report received from the independent actuary. These valuation reports use complex valuation models using not only the inputs provided by the Company but also various other economic variables. Considerable judgement is involved in the process.

g) Contingencies:- A provision is recognised when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligations at the end of the reporting period. However, the actual liability could be considerably different.

h) Lease:- The Company evaluates if an arrangement qualifies to be a lease as per the requirements of IND AS 116. Identification of a lease requires significant judgement. The company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The company determines the lease term as the non-cancellable period of lease, together with both periods covered by an option to extend the lease if the company is reasonably certain to exercise that option and periods covered by an option to terminate the lease if the company is reasonably certain not to exercise that option. In exercising whether the company is reasonably certain to exercise an option to extend a lease or to exercise an option to terminate the lease, it considers all relevant facts and circumstances that create an economic incentive for the company to exercise the option to extend the lease or to exercise the option to terminate the lease. The company revises lease term, if there is change in non-cancellable period of lease. The discount rate used is generally based on incremental borrowing rate.

**i) Estimation of uncertainty related to Global Health Pandemic from COVID-19:-**

The Company has considered the possible effects that may result from pandemic relating to COVID-19 on the carrying amount of financial assets including Trade Receivables. In developing the assumptions relating to the possible future uncertainties in global economic conditions because of the pandemic, the Company as at the date of approval of these financial statement has used internal and external source of information, on the expected future performance of the company and based on estimates the company expects that the carrying amount of financial assets will be recovered and the company do not expect any significant impact of COVID-19 on the company's financial statement as at the date of approval of these Consolidated Financial Statements.

(5) Property, plant and equipment

(i) Property, plant and equipment situated in India comprising land other assets namely Building, Plant & Machinery, Office equipment etc. The company has elected to continue with the carrying value as its deemed cost on 1.4.2016 measured as per previous GAAP and use that carrying value as its deemed cost as on the transition date. The cost of Tangible assets comprises its purchase price, borrowing cost, any other cost directly attributable to bringing the assets into present location and condition necessary for it to be capable of operating in the manner intended by the Management, initial estimation of any de - commissioning obligations and finance cost.

(ii) Depreciation

Depreciation on Fixed Assets is provided on Straight Line Method over their useful lives and in the manner specified in Schedule II of the Companies Act, 2013. Property, Plant & Equipment which are added/disposed off during the year the depreciation is provided on pro rata basis with reference to month of addition/deletion.

(iii) Component Accounting

When significant parts of property, plant and equipment are required to be replaced at intervals, the Company derecognizes the replaced part, and recognizes the new part with its own associated useful life and it is depreciated accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognized in the Statement of Profit and Loss as incurred. The present value of the expected cost for the decommissioning of the asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

(iv) Expenditure during construction/erection period is included under Capital Work-in-Progress and is allocated to the respective fixed assets on completion of construction/ erection.

(v) Property, plant and equipment are eliminated from financial statement, either on disposal or when retired from active use. Losses arising in the case of retirement of Property, plant and equipment and gains or losses arising from disposal of property, plant and equipment are recognized in Statement of Profit and Loss in the year of occurrence.

(vi) The assets residual values, useful lives and methods of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

(6) Investment properties

Investment properties consist of investments in land and buildings that are held to earn rental income or for capital appreciation, rather than for use in the production or supply of goods or services or for administrative purposes or sale in the ordinary course of business. Investment property is stated at cost less accumulated depreciation and impairment losses. Depreciation on building is provided over the estimated useful lives as specified in Schedule II to Companies Act, 2013. The Residual Life, useful lives and depreciation method of investment properties are reviewed, and adjusted on Prospective basis as appropriate, at each financial year end. The effects of any revision are included in the Statement of Profit and Loss when the changes arise.

(7) Intangible assets

Intangibles assets are recognised when it is probable that the future economic benefits that are attributable to the assets will flow to the Company and the cost of the asset can be measured reliably. Intangible Assets are stated at cost which includes any directly attributable expenditure on making the asset ready for its intended use. Intangible assets acquired separately are measured on initial recognition at cost .Intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Intangible assets are amortised on a systematic basis over period useful life. For the transition to IND AS, The company has elected

to continue with the carrying value of all its intangible assets recognised as of April 1, 2016 measured as the previous GAAP and used that carrying value as deemed cost as of the transition date.

(8) Research and development cost

Research Cost

Revenue expenditure on research is expensed under the respective heads of accounts in the period in which it is incurred.

Development Cost

Development expenditure on new product is capitalised as intangible asset, if technical and commercial feasibility as per IND AS 38 is demonstrated.

(9) Inventories

Inventories are stated at lower of cost and net realisable value . Net realizable value is the estimated selling price in the ordinary course of business less estimated costs of completion and selling costs. The cost is computed on FIFO basis.

Finished Goods and Process Stock include cost of conversion and other costs incurred in bringing the inventories to their present location and condition.

Conversion cost includes direct material, labour and allocable material and manufacturing overhead based on normal operating capacity

(10) Cash and cash equivalents

a) Cash and cash equivalents are financial assets. Cash and cash equivalents consist of cash and short-term highly liquid investments that are readily convertible to cash with original maturities of three months or less at the time of purchase and are carried at cost plus accrued interest.

b) Cash Flow Statement

Cash Flow are reported using indirect method, whereby profit for the year is adjusted for effects of transactions of non cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing, and financing activities of the company are segregated.

c) Bank Balances Other than above

Dividend Escrow account balance, deposit with bank as margin money for guarantees issued by bank, deposits kept as security deposit for statutory authorities are accounted as bank balance other than cash and cash equivalent.

(11) Financial instruments

A financial instrument is any contract that at the same time gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments are recognized as soon as the company becomes a contracting party to the financial instrument. Financial instruments stated as financial assets or financial liabilities are generally not offset; they are only offset when a legal right to set-off exists at that time and settlement on a net basis is intended.

A. Financial assets

Financial assets include trade receivable, cash and cash equivalents, derivative financial assets and also the equity / debt instruments held. Initially all financial assets are recognised at amortised cost or fair value through Other Comprehensive Income or fair value through Statement of Profit or Loss, depending on its business model for those financial assets and their contractual cash flow characteristics. Subsequently, based on initial recognition/ classification, where assets are measured at fair value, gain and losses are either recognised entirely in the statement of profit and loss (i.e. fair value through profit or loss), or recognised in other comprehensive income (i.e. fair value through other comprehensive income).

Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortized cost less credit loss/impairment allowances. Receivables that do not bear interest or bear below market interest rates and have an expected term of more than one year are discounted with the discount subsequently amortized to interest

income over the term of the receivable. Impairment is made on the expected credit losses, which are the present value of the cash deficits over the expected life of receivables. The estimated impairment losses are recognised in the Statement of Profit and Loss. Subsequent changes in assessment of impairment are recognised in the Statement of Profit and Loss as changes in estimates. The company makes provision for expected credit loss against trade receivables based on the simplified approach (i.e. the loss allowance is measured as the amount equal to lifetime expected credit losses).

Loans & other financial assets

Loans and other financial assets are financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are recognized initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, loans and other financial assets are measured at amortized cost using the effective interest method, less any impairment losses.

Investment in equity shares

Investment in equity securities are initially measured at fair value. Any subsequent fair value gain or loss for investments held for investment is recognized through Other Comprehensive Income. Any subsequent gain or loss for investment held for trading are recognized through Statement of Profit and Loss.

De-recognition of financial assets

The company de-recognises a financial assets only when the contractual rights to the cash flows from the assets expire or it transfers the financial assets and substantially all risks and rewards of ownership of the assets to another entity. If the company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred assets, the company recognises its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Company retains substantially all the risks and rewards of ownership of a transferred financial assets. The Company continues to recognise the financial assets and also recognises a collateralised borrowing for the proceeds received.

B. Financial liabilities

Financial liabilities such as loans and borrowings and other payables are recognized initially on the trade date, which is the date that the Company becomes a party to the contractual terms of the instrument. Financial liabilities other than fair valued through profit and loss are recognized initially at fair value less any directly attributable transaction costs. Subsequent to initial recognition, these financial liabilities are measured at amortized cost using the effective interest method. Transaction costs of financial liability carried at fair value through profit or loss is expensed in profit or loss.

Financial liabilities at fair value through profit or loss

It include financial liabilities held for trading and are designated such at initial recognition. Financial liabilities are held for trading if they are incurred for the purpose of repurchasing in near term and also include Derivatives that are not part of an effective hedge accounting in accordance with IND AS 109 , classified as “held for trading” and carried at fair value through profit or loss. Financial liabilities at fair value through profit or loss are measured at each reporting date at fair value with all the changes recognized in the Statement of Profit and Loss.

Financial liabilities measured at amortised cost

Post recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using the effective interest rate method ("EIR"). Amortised cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the Statement of Profit and Loss.

Loans and Borrowings

After initial recognition, interest-bearing borrowings are subsequently measured at amortised cost using the effective interest method. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down.

**Trade and other payables**

A payable is classified as 'trade payable' if it is in respect of the amount due on account of goods purchased or services received in the normal course of business. Trade accounts payable and other non-derivative financial liabilities are in general measured at amortized cost using the effective interest method. Finance charges, including premiums payable on redemption or settlement, are periodically accrued using the effective interest method and increase the liabilities' carrying amounts unless they have already been settled in the period in which they were incurred.

De-recognition of financial liabilities

The company de-recognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

Derivative financial instruments

In the ordinary course of business, the company uses certain derivative financial instruments to reduce business risks which arise from its exposure to foreign exchange rate fluctuations. The instruments are confined principally to forward exchange contracts.

Derivative are initially accounted for and measured at fair value from the date the derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period.

Financial guarantee contracts

As per IND AS -109 "Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument."

Initial recognition

The date the company becomes a party to the irrevocable commitment is considered to be the date of initial recognition and Financial guarantee contracts are recognised as liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortization.

(12) Impairment of non-financial assets

At each reporting date, the company assesses whether there is any indication that a non-financial asset may be impaired. If any such indication exists, the recoverable amount of the non-financial asset is estimated in order to determine the extent of the impairment loss, if any. Recoverable amount is determined:

- In the case of an individual asset, at the higher of the Fair Value less cost to sell and the value in use: and
- In the case of cash generating unit (a group of assets that generates identified, independent cash flows) at the higher of cash generating unit's fair value less cost to sell and the value in use.

Where it is not possible to estimate the recoverable amount of an individual non-financial asset, the company estimates the recoverable amount of the smallest cash generating unit to which the non-financial asset belongs. The recoverable amount is the higher of an asset's or cash generating unit's fair value less costs of disposal and its value in use. If the recoverable amount of a non-financial asset or cash generating unit is estimated to be less than its carrying amount, the carrying amount of the non-financial asset or cash generating unit is reduced to its recoverable amount. Impairment losses are recognized immediately in the statement of Profit and Loss. Where an impairment loss subsequently reverses, the carrying amount of the non-financial asset or cash generating unit is increased to the revised estimate of its recoverable amount. However, this increased amount cannot exceed the carrying amount that would have been determined had no impairment loss been recognized for that non-financial asset or cash generating unit in prior periods. A reversal of an impairment loss is recognized immediately in the statement of Profit and Loss.

(13) Foreign currency transactions

(i) The functional and Presentation currency

The functional and Presentation Currency of Company is INR.

(ii) Transaction and Balances

Currency Transactions denominated in foreign currencies are initially recorded at the rates of exchange prevailing on the dates of the transactions. Monetary assets and liabilities denominated in such currencies are retranslated at the rates prevailing on the balance sheet date. Profit and losses arising on exchange are included in the net profit or loss for the period. Pursuant to exemption given under IND AS 101 the company has continued the policy for accounting for amortization of exchange differences arising from translation of long-term foreign currency monetary items over the tenure of loan. Non-Monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items is recognised in line with the gain or loss of the item that gave rise to the translation difference.

(14) Revenue recognition

In accordance with Ind AS 115, the company recognises revenue from sale of products and services at a time when performance obligation is satisfied and upon transfer of control of promised products or services to customer in an amount that reflects the consideration the company expects to receive in exchange for their products or services. The company derives revenue primarily from sale of manufactured goods and traded goods. The company disaggregates the revenue based on nature of products/Geography. Revenue/Loss from bargain settlement of goods is recognized at the time of settlement of the transactions.

• **Dividend income**

Dividend income is accounted for when the right to receive the same is established, which is generally when shareholders approve the dividend.

• **Interest income**

Interest income is recognised on effective interest method taking into account the amount outstanding and the rate applicable.

(15) Employees Benefits

(a) Short term employee Benefit

All employees' benefits payable wholly within twelve months rendering services are classified as short term employee benefits. Benefits such as salaries, wages, short-term compensated absences, performance incentives etc., and the expected cost of bonus are recognized during the period in which the employee renders related service.

(b) Defined Contribution Plan

Contributions to the Employees' Provident Fund and Employee's State Insurance are recognized as Defined Contribution Plan and charged as expenses in the year in which the employees render the services.

(c) Defined Benefit Plan

The Leave Encashment and Gratuity are defined benefit plans. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method with actuarial valuations being carried out at each balance sheet date, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measure each unit separately to build up the final obligation. Re-measurements, comprising of actuarial gains and losses, excluding amounts included in net interest on the net defined benefit liability are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through other comprehensive income in the period in which they occur. Re-measurements are not classified to the statement of profit and loss in subsequent periods. Past Service cost is recognised in the statement of profit and loss in the period of plan amendment.

The Company recognises the following changes in the net defined benefit obligation under employee benefit expenses in the statement of profit and loss.

- Service costs comprising current service costs, gains and losses on curtailments and non-routine Settlements.
- Net interest income or expense.

(d) Long term Employee Benefit

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the defined benefit obligation at the balance sheet date.

**(e) Termination benefits**

Termination benefits are recognised as an expense in the period in which they are incurred.

The Company shall recognise a liability and expense for termination benefits at the earlier of the following dates:

- (i) when the entity can no longer withdraw the offer of those benefits; and
- (ii) when the entity recognises costs for a restructuring that is within the scope of Ind AS 37 and involves the payment of termination benefits.

(16) Borrowing costs

(a) Borrowing costs that are specifically attributable to the acquisition, construction, or production of a qualifying asset are capitalised as a part of the cost of such asset till such time the asset is ready for its intended use or sale. A qualifying asset is an asset that necessarily requires a substantial period of time (generally over twelve months) to get ready for its intended use or sale.

(b) For general borrowing used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalization is determined by applying a capitalization rate to the expenditures on that asset. The capitalization rate is the weighted average of the borrowing costs applicable to the borrowings of the Company that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs capitalized during a period does not exceed the amount of borrowing cost incurred during that period.

(c) All other borrowing costs are recognised as expense in the period in which they are incurred.

(17) Leases

In accordance with Ind AS 116, the company recognises right of use assets representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of right of use asset measures at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before commencement date less any lease incentive received plus any initial direct cost incurred and an estimate of cost to be incurred by lessee in dismantling and removing underlying asset or restoring the underlying asset or site on which it is located. The right of use asset is subsequently measured at cost less accumulated depreciation, accumulated impairment losses, if any, and adjusted for any re-measurement of lease liability. The right of use assets is depreciated using the Straight Line Method from the commencement date over the charter of lease term or useful life of right of use asset. The estimated useful life of right of use assets are determined on the same basis as those of Property, Plant and Equipment. Right of use asset are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in Statement of Profit and Loss.

The company measured the lease liability at the present value of the lease payments that are not paid at the commencement date of lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the company uses incremental borrowing rate.

The lease liability is subsequently re-measured by increasing the carrying amount to reflect interest on lease liability, reducing the carrying amount to reflect the lease payments made and re-measuring the carrying amount to reflect any reassessment or lease modification or to reflect revised-in-substance fixed lease payments. The company recognises amount of re-measurement of lease liability due to modification as an adjustment to write off use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of right of use assets is reduced to zero and there is further reduction in measurement of lease liability, the company recognises any remaining amount of the re-measurement in Statement of Profit and Loss.

The company has elected not to apply the requirements of Ind AS 116 to short term leases of all assets that have a lease term of 12 months or less unless renewable on long term basis and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on Straight Line basis over lease term.

**(18) Taxes on income**

Income Tax expenses comprise current tax expenses and the net change in the deferred tax asset or liabilities during the year. Current and Deferred tax are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively.

Current Tax

The Company provides current tax based on the provisions of the Income Tax Act, 1961 applicable to the Company.

Deferred Tax

Deferred tax is recognised using the Balance Sheet approach. Deferred tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or liability is settled, based on tax rates (and tax laws) that have been enacted or substantially enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

(19) Provisions, Contingent liabilities, Contingent assets and Commitments**(a) General**

The Company recognizes provisions for liabilities and probable losses that have been incurred when it has a present legal or constructive obligation as a result of past events and it is probable that the Company will be required to settle the obligation and a reliable estimate of the amount of the obligation can be made. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a financing cost.

Contingent liability is disclosed in the case of:

- A present obligation arising from past events, when it is not probable that an outflow of resources will be required to settle the obligation:
- A present obligation arising from past events, when no reliable estimate is possible
- A possible obligation arising from past events, unless the probability of outflow of resources is remote.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

(b) Other Litigation claims

Provision for litigation related obligation represents liabilities that are expected to materialise in respect of matters in appeal.

**(c) Onerous contracts**

Provisions for onerous contracts are recorded in the statements of operations when it becomes known that the unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received.

(20) Exceptional Items

On certain occasions, the size, type or incidence of an item of income or expense, pertaining to the ordinary activities of the company is such that its disclosure improves the understanding of the performance of the company, such income or expense is classified as an exceptional item and accordingly, disclosed in the notes accompanying to the financial statements.

(21) Earnings per share

Basic Earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. There are no diluted earning per share as there are no dilutive potential equity shares.

(22) Segment accounting

The Operating segment of the company is Edible oils, Ceramics and Wind Power generation and the same have been evaluated on management approach as defined in IND AS-108 "Operating Segment". The company accordingly reports its financials under three segments.

(23) Financial statement classification

Certain line items on the balance sheet and in the statement of Profit and Loss have been combined. These items are disclosed separately in the Notes to the financial statements. Certain reclassifications have been made to the prior year presentation to conform to that of the current year. In general the company classifies assets and liabilities as current when they are expected to be realized or settled within twelve months after the balance sheet date.

(24) Fair value measurement

The Company measures financial instruments such as derivatives and certain investments, at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability.

Or

- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non- financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole;

- **Level 1-** Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- **Level 2-** Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

- **Level 3-** Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the balance sheet on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

(25) Non-current assets held for sale and discontinued operations

Non-current assets and disposal groups are classified as held for sale if their carrying amounts will be recovered principally through a sale transaction rather than through continuing use. Non-current assets and disposal groups are classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. This condition is regarded as met only when the sale is highly probable and the asset or disposal group is available for immediate sale in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as a complete sale within one year from the date of classification.

Discontinued operations are excluded from the results of continuing operations are presented as a single amount as profit or loss after tax from discontinued operations in the statement of profit and loss.

Assets and liabilities classified as held for distribution are presented separately from other assets and liabilities in the balance sheet.

A disposal group qualifies as discontinued operation if it is a component of the Company that either has been disposed of, or is classified as held for sale, and:

- Represents a separate major line of business or geographical area of operations,
- Is part of a single co-ordinate plan to disclose of a separate major line of business or geographical area of operations

Or

- Is a subsidiary acquired exclusively with a view to resale.

An entity shall not depreciate (or amortise) a non-current asset while it is classified as held for sale or while it is part of a disposal group classified as held for sale.

3. Mortality	IALM(2012-14)	IALM(2012-14)
4. Salary Escalator	8.00%	8.00%

38.3 Risk Factors: Valuations are performed on certain basic set of pre-determined assumptions and other regulatory framework which may vary over time. Thus the Company is exposed to various risks in providing the above gratuity benefit which are as follows:

Interest Rate risk: The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability (as shown in financial statements).

Liquidity Risk: This is the risk that the Company is not able to meet the short-term gratuity payouts. This may arise due to non availability of enough cash / cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.

Salary Escalation Risk: The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

Demographic Risk: The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumption.

Regulatory Risk: Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of change in regulations requiring higher gratuity payouts (e.g. Increase in the maximum limit on gratuity of Rs. 20, 00,000).

38.4 Sensitivity Analysis

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate, expected salary increase and mortality. The sensitivity analysis below have been determined

based on reasonably possible changes of the assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The results of sensitivity analysis is given below:

(In Rs.)

Particulars	31-Mar-2021	31-Mar-2020
Defined Benefit Obligation (Base)	27090765.00	25636448.00

(In Rs.)

Particulars	31-Mar-2021		31-Mar-2020	
	Decrease	Increase	Decrease	Increase
Discount Rate (- / + 1%)	28937505	25465296	27380884	24097352
(% change compared to base due to sensitivity)	6.8%	-6.0%	6.8%	-6.0%
Salary Growth Rate (- / + 1%)	25652665	28634536	24260720	27114742
(% change compared to base due to sensitivity)	-5.3%	5.7%	-5.4%	5.8%
Attrition Rate (- / + 50% of attrition rates)	27195012	26993842	25717877	25559990
(% change compared to base due to sensitivity)	0.4%	-0.4%	0.3%	-0.3%
Mortality Rate (- / + 10% of mortality rates)	27095186	27086357	25639946	25632959
(% change compared to base due to sensitivity)	0.0%	0.0%	0.0%	0.0%

The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumption would occur in isolation of one another as some of the assumptions may be correlated.

40. Financial Risk Management

The Companies activities expose it to credit risk, liquidity risk and market risk. This note explains the source of risk which the company is exposed to and how to manages the risk and its impact in the financial statement. The board of directors provides guiding principle for overall risk management, as well as policies covering specific area i.e. Foreign exchange risk, Credit risk & Investment of Surplus liquidity. The companies risk management is carried out by finance department, accordingly, this department identifies, evaluation and hedges financial risk.

A) Credit Risk

The Company takes on exposure to Credit risk, which is the risk that counterparty will default on its contractual obligations. Credit risk arises from trade receivable, Loan and other financial assets.

Credit Risk Management

The main source of credit risk at the reporting date is from trade receivables as these are typically unsecured. This credit risk has always been managed through credit Approvals, establishing credit limits and continuously monitoring the creditworthiness of customer to whom credit is extended in normal course of business. The company estimates the expected credit loss on the basis of past data and experience. Expected credit losses of financial assets receivable in next 12 months are estimated on the basis of historical data provided the company has reasonable and supportable data. On such an assessment the expected losses are nil or negligible.

Review of outstanding trade receivables and financial assets is carried out by management each quarter. The company do not have any doubtful debts hence, no provision for bad and doubtful debts have yet been made in accounts.

The Company do not envisage any financial difficulties resulting in additional credit risk higher than usual credit terms due to COVID-19 outbreak.

B) Liquidity risk

The principle source of liquidity of the Company are cash and cash equivalents, borrowings and the cash flow that is generated from operations. The Company believes that current cash and cash equivalents, tied up borrowing lines and cash flow that is generated from operations is sufficient to meet requirements. Accordingly, Liquidity risk is perceived to be low.
